

AL SARH

FACILITY ADVISORS & SERVICES

Business Profile

“Decades of trust,
built on standards that never rust”

ABOUT OUR COMPANY

Al Sarh Facility Advisors & Services is a strategic venture founded by the visionaries behind Mustafa Mohamed Al Yusuf Trading, a well-established Qatari organization with over 51 years of legacy in Qatar. With deep roots and a strong local presence, our company is built on decades of proven expertise, a robust operational track record, and a team enriched with global experience.

What sets us apart is our unique hybrid model: we operate both as a high-level consultancy and an operational partner. We help clients establish, manage, and elevate their businesses by applying international best practices, while ensuring local relevance and compliance.

Our approach blends global insight with local execution. We bring in world-class experts to design scalable frameworks and then empower local teams to deliver with efficiency, sustainability, and cultural alignment ensuring lasting impact in every market we enter.

SERVICES OFFERED

At Al Sarh Facility Advisors & Services, we offer a comprehensive range of facility management and specialized cleaning solutions tailored to meet the highest standards of quality and professionalism across various sectors:

How we do this?

All our staff are responsible for compliance with the quality management system and for ensuring that all procedures and work instructions are properly executed and that standards are met. All affected staff shall be trained in those processes they are required to perform. The adoption of the quality management system is essential to the continued growth and success of the business.

Hotel Public Area Management

Ensuring spotless, welcoming environments in hotel lobbies, lounges, corridors, and amenities.

Building & HVAC Maintenance

Reliable upkeep of building infrastructure and HVAC systems to ensure optimal performance and comfort.

School Maintenance and Cleaning

Safe, hygienic, and well-maintained educational facilities through regular upkeep and sanitation.

Villa & Compound Management

Complete management solutions for residential villas and compounds, from maintenance to concierge services.

Mall Maintenance & Management

End-to-end facility solutions to maintain the cleanliness, safety, and operational efficiency of shopping centers.

Office and Commercial Cleaning

Professional cleaning services for corporate offices and commercial buildings with flexible schedules.

Construction Clean and Handover Services

Post-construction cleaning to prepare buildings for occupancy or client handover with attention to every detail.

Pest Control Services

Comprehensive pest prevention and control solutions using safe, eco-friendly methods to protect properties and occupants.

ERP Implementation & Network Support

Professional IT services including ERP deployment, system integration, and reliable network infrastructure support and migration to streamline operations and enhance digitalization process of the company.

Move-In & Move-Out Deep Cleaning

Thorough cleaning for residential and commercial properties before and after relocation.

Rope Access - Window Glass & Façade Cleaning

High-access cleaning services for glass surfaces and building façades using rope access and modern techniques.

Pressure Washing for Driveways & Compounds

Powerful, efficient cleaning of outdoor surfaces to remove dirt, stains, and buildup.

Event Management & Support Services

Professional planning and on-ground support for events of all scales, ensuring clean, organized, and smoothly run experiences.

Marble Polishing & Stone Restoration

Expert polishing, sealing, and restoration of marble and natural stone surfaces to bring back their original shine and durability.

OUR COMPETITIVE EDGE

Tailored Service Packages

We design customized service plans that align with each client's unique operational needs and budget. This ensures cost-effective solutions without compromising quality.

Expert Technicians

Our team comprises trained professionals with sector-specific expertise and certifications. Their technical know-how ensures every task is completed efficiently and to the highest standard.

Advanced Tools & Green Practices

We use state-of-the-art equipment and eco-certified cleaning agents. This not only guarantees superior results but also minimizes environmental impact.

Transparent Communication

A dedicated client service manager is assigned to every account. This ensures clear, consistent communication and quick response to any requests or concerns.

Quality, Safety & Compliance

Our operations follow ISO-aligned quality assurance processes and strict health, safety, and environmental guidelines keeping both people and property protected.

Real-Time Reporting

With digital service tracking and reporting systems, clients enjoy full visibility into task completion, schedules, and quality checks anytime, anywhere.

BUSINESS STRATEGY

“Don’t Clean Just Call”

Why outsource Al Sarh services?

We’re from the Hospitality background.

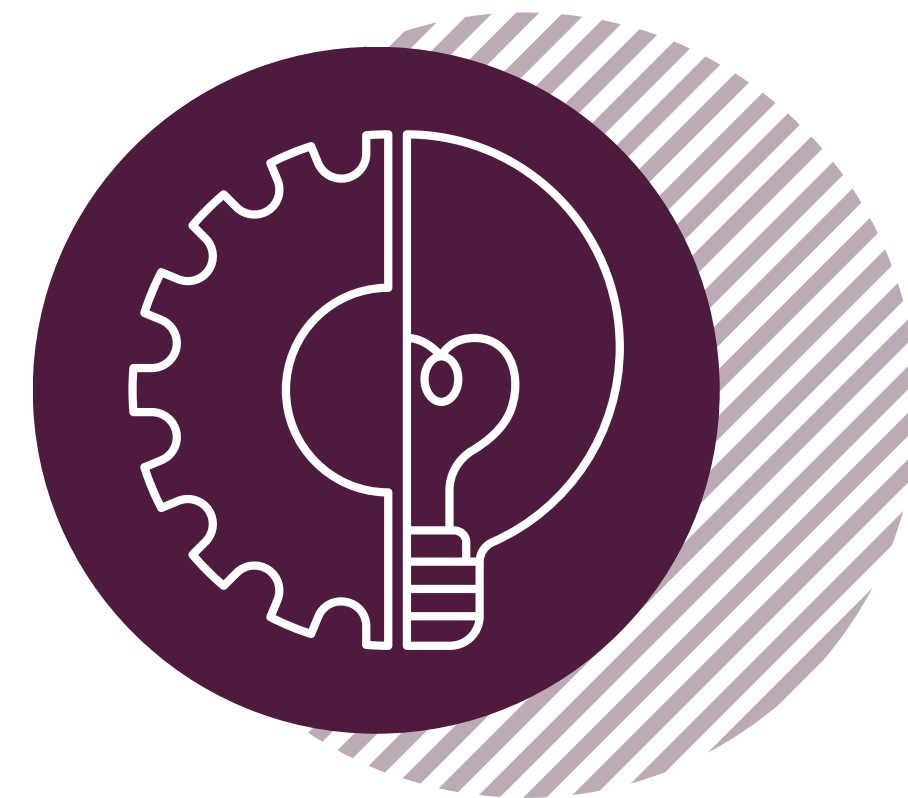

We know to provide right training and certifications for the type job we do.

We are familiar with chemicals and machines to know more about how to protect you from harmful agents and chemicals in your home & offices.

We understand the needs of our clients and give personal touch to the job completions.

IN-HOUSE VS OUTSOURCING TO AL SARH

Key Factors

In-House Management

Outsourcing to Al Sarh

Service Quality

Varies based on internal resources and oversight

Consistent, professional-grade service delivered by specialists

Workforce Training

Requires in-house investment in training and certifications

Pre-trained, certified, and industry-experienced staff

Equipment & Materials

Often limited to basic tools and general-purpose chemicals

Advanced tools + eco-certified, task-specific cleaning agents

Cost Efficiency

Higher overhead (salaries, benefits, materials, supervision)

Cost-effective, scalable packages with no hidden operational cost

Operational Flexibility

Limited availability and scheduling conflicts

24/7 scheduling, emergency response, weekend support

Risk & Compliance

High risk of non-compliance with OH&S or environmental norms

Full compliance with ISO-aligned QHSE standards for high risk works

Focus on Core Business

Diverts management attention from core functions

Lets you focus on your business while we manage the facility

ENVIRONMENTAL RESPONSIBILITY

"Safety isn't a step in our process, it's the foundation of everything we do."

Access to Material Safety Data Sheets (MSDS) delivered with chemicals.

Al Sarh Services is committed to protecting its clients and staff from the hazards of cleaning. All necessary OH&S rules and regulations are strictly followed, and their teams come equipped with the leading equipment (checked and tagged regularly) and materials

Specialized equipment training and related OH&S compliance.

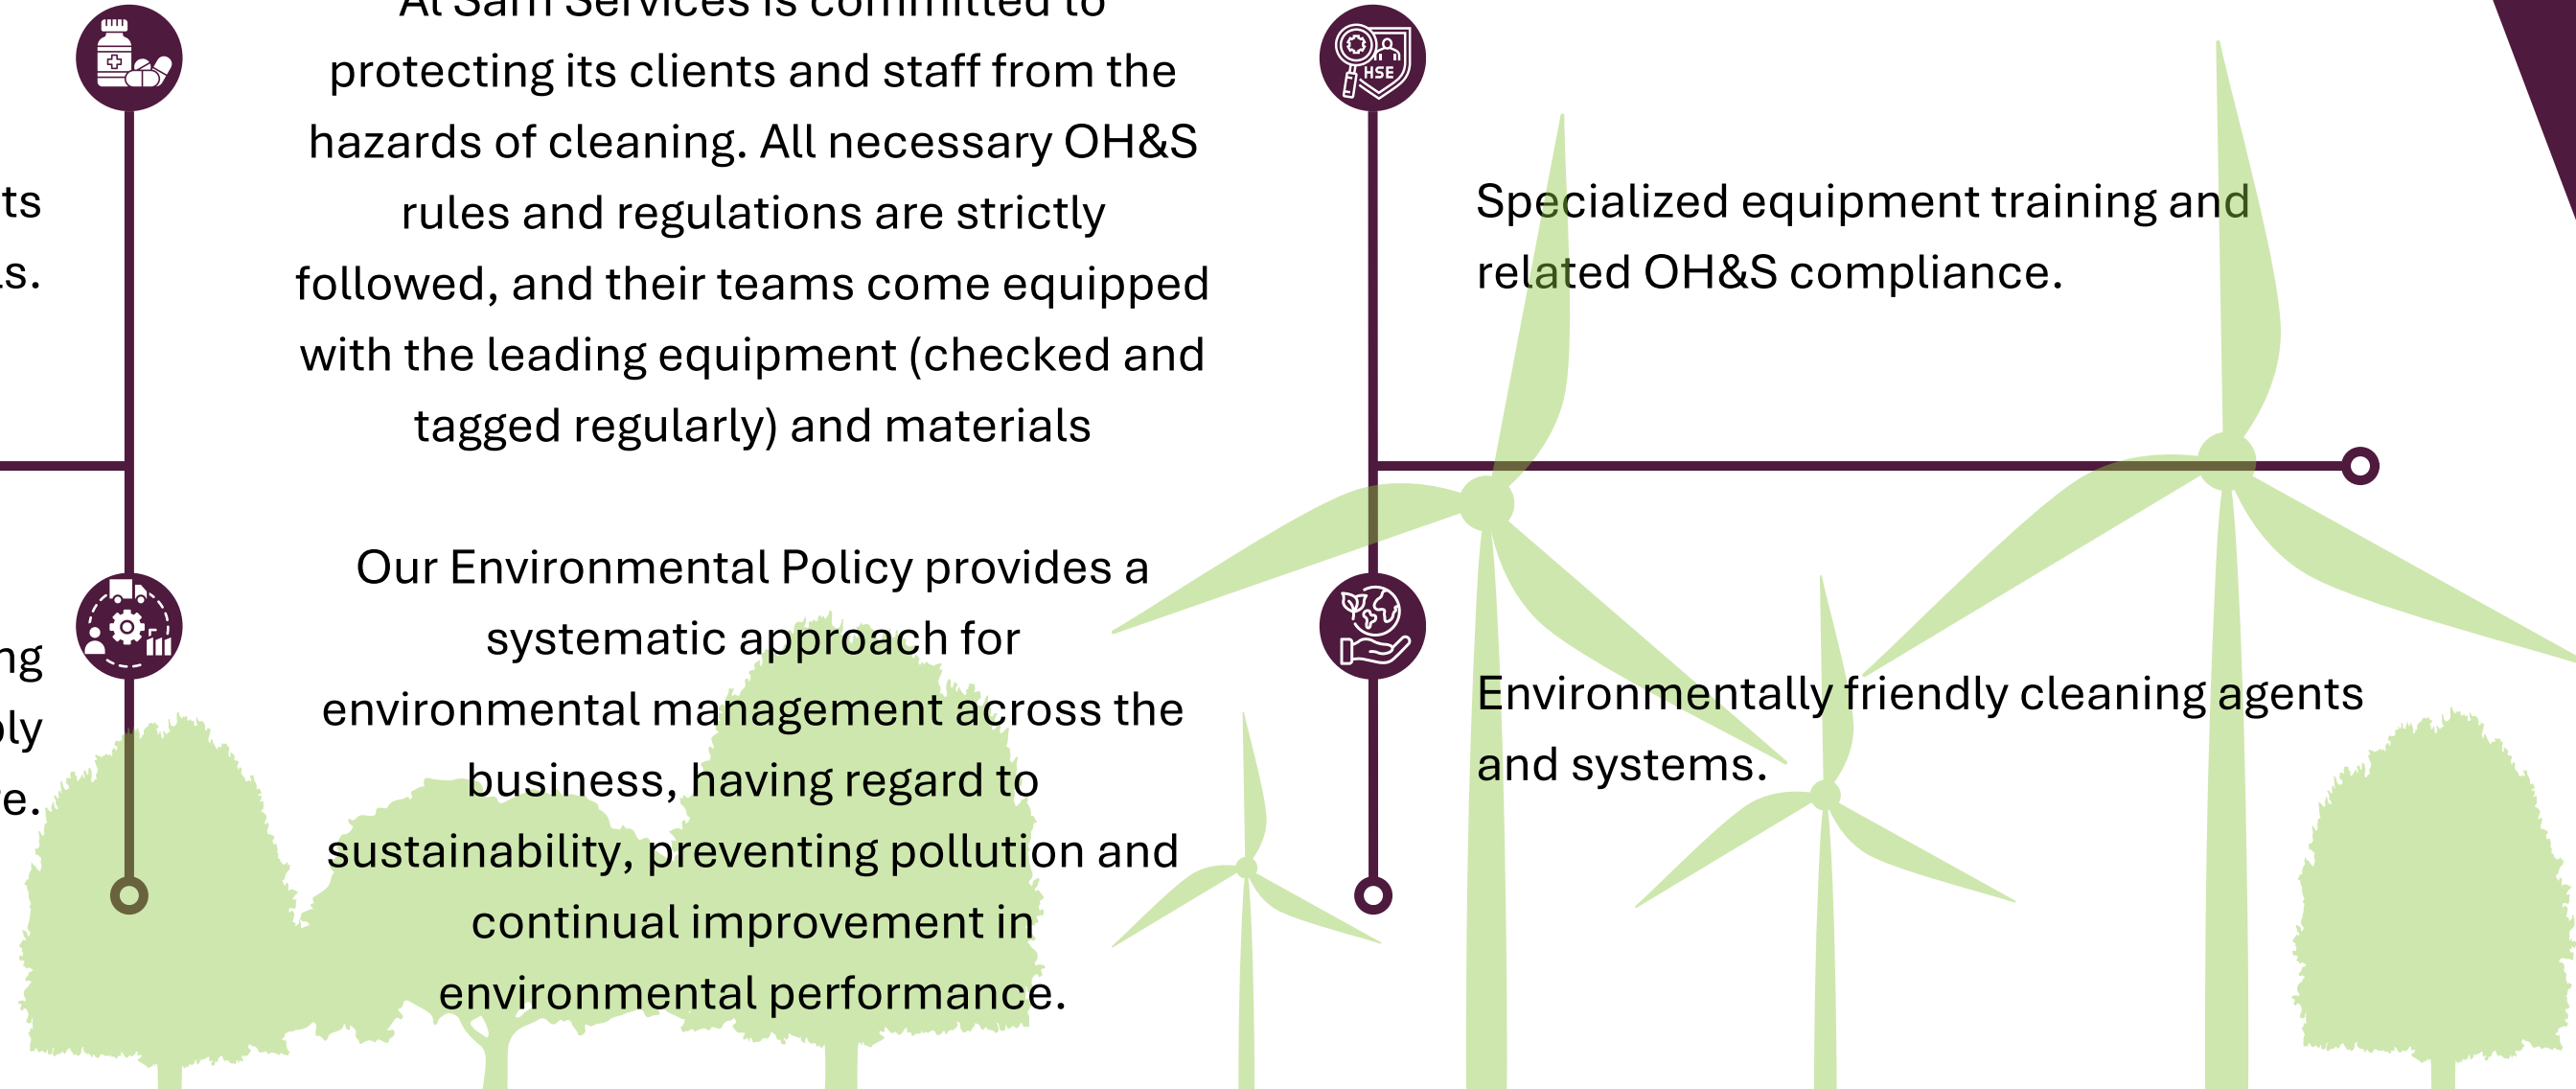

Splash resistant chemical dispensing units. and Quality accredited supply chain infrastructure.

Our Environmental Policy provides a systematic approach for environmental management across the business, having regard to sustainability, preventing pollution and continual improvement in environmental performance.

Environmentally friendly cleaning agents and systems.
